Hi Lenny,

Absolutely, I'll give you a call after the meeting and let you know what happened and how it went. You were the only person from Reclamation who could make it so it will be good to catch up with you afterward. Maybe we can find a time that Josh can meet too.

Take care,

Erin

Erin,

Unfortunately, I now have an unforeseen personal commitment scheduled for next Thursday and cannot attend the meeting. I really wanted to make the meeting, perhaps I can follow up with you if you have any additional questions? Looking at the list of invitees, I am guessing you will cover everything you need to cover and won't miss much from my absence.

thanks,

lg

Subject: Meeting -- Update of Delta Water Quality Control Plan

Hi Everyone,

Thanks for your interest in meeting with us to discuss the update of the SF Bay/Sacramento-San Joaquin River Delta Water Quality Control Plan. The purpose of our meeting is to determine if there is interest in providing the State Board some well developed concepts/ideas for updating specific water quality standards including Delta outflow objectives, export/inflow objectives, and potential new reverse flow objectives for Old and Middle River. If there is enough interest, we'd like to identify people to work with, deliverables, and a timeline for providing information to the State Board.

Our meeting is next week on Thursday June 21, 2012, 12:00 PM to 2:00 PM, in the San Joaquin River Room, NMFS Suite 5-100, 650 Capitol Mall, Sacramento, CA 95814.

Please let me know if you need to call into the meeting and I'll set up a conference line. I know some folks can't make it but I included everyone on the meeting specifics. If you don't want to receive these messages, just let me know.

Proposed Agenda:

- I. Introductions
- II. Review Water Quality Control Plan update process & agency coordination
- III. Discuss agency interest in working on concepts/recommendations for updating specific objectives
  - Delta outflow
  - Export/Inflow
  - Potential new reverse flow objectives for Old and Middle Rivers
  - Others?
- IV. Next steps
